Match Reports

- The League requires a written match report to be submitted for each competitive game played.
- The match report includes the date of the game, the names of the home and away clubs, the venue, the names of players taking part in the game and their FAW numbers, the name of referee with FAW number, and the name of the team coach with FAW number
- Except for the score, match reports are to be completed before the start of the game. All players including substitutes must be named prior to kick-off.
- Match reports are to be signed by the coach of the team completing the form. Both home and away teams complete a report.
- Prior to kick-off team sheet must be given to the league appointed referee, or the opposition coach.
- If the league appoints a referee then he will forward both match reports to the league.
- If no referee is appointed by the league, then the home club provides the referee, and both clubs are responsible for sending the opposition's written match report to the league, as per the rules.
- The new match report sheets can be found on the league's website as we no longer use the match report book.
